

2017 Leadership Conference

The Winchester Fire and Rescue, Clarke County Fire and EMS, and Frederick County Fire and Rescue is pleased to offer a

FREE leadership seminar!

"It's Always About Leadership!"

Chief Dennis Rubin has developed his personal list of "Rules To Live By" over the past three decades. Rubin will be sharing these 13 "Mission Critical" rules in an open, honest, and humorous way. Chief Rubin has just completed publishing the book, that delivers these 13 Rules in a textbook format. Chief Rubin will engage the audience in a discussion as to how these 13 rules can be adopted and implemented into the student's own leadership style. Participants will get Rubin's insight about these thirteen Rules and much more of his leadership philosophy during this guided discussion. Chief Rubin has served in a few some of America's largest Fire & Rescue Departments as well as 20 years as an active volunteer fire fighter. The above-mentioned textbook is recommended to be used during this presentation. Remember that success is "Always About Leadership" - this course will re-enforce this sound life's principle.

"The Leadership/Followership Equation"

In this seminar Dr. Carter will deliver a hard-charging attack on the problems which come from a clash between leadership and followership matters. Within this course he will deliver a fact-filled review of how to attack problems between leaders and followers. Far too many people in the fire service concentrate on training leaders. They fail to provide training and information on how to be a good follower. Dr. Carter will cover this topic in a step-by-step manner and then move into a series of interactive problem-solving examples. This class combines a lecture and student participation style of knowledge delivery. Dr. Harry R. Carter currently serves as Chairman of the Board of Fire Commissioners for Howell Township Fire District #2. He enjoyed a 26-year career with the Newark, New Jersey Fire Department where he served as Chief of Training and a field Battalion Commander. He has also had a 45-year career with the Adelpia Fire Company in Howell Township, NJ serving as Fire Chief in 1991. He currently serves as company Chaplain and is an active Life Member.
